Day Camp Descriptions
NEW! Open to everyone!

Grades K–1  |  Masada
Camp Masada is the best way to experience new adventures, make new friends, and spend the summer just being a kid! Campers will participate in a combination of activities geared toward their age group, building friendships through games, nature and science studies, sports, music, drama, swimming, arts and crafts, and much more! There will be late nights, special theme days and all-day events.

Grades 2–5  |  Tikvah
Campers will embark on a new journey with new and old friends and have more opportunities to explore and play. In addition to the usual camp activities, Tikvah campers will participate in a variety of special interest activities, including overnights at the JCC.

Grades 6–8  |  Gesher
At this age, campers are gaining autonomy and responsibility. Gesher campers participate daily in the best of summer camp activities: sports, games, arts & crafts, all-camp activities and daily swimming in the JCC’s very own Eskenazi Water Park, while building leadership skills by participating in project-based activities that focus on bettering the community. Campers can also look forward to adventurous trips during camp.

Grades 9–10  |  CIT Program
A competitive program designed for former campers who have a love of camp and who have demonstrated a strong desire to work with children and grow their leadership skills. If invited to the program upon completion of the application process, participants will spend three weeks (Weeks 2–4) focusing on training. More on page 7!
